## Professional Summary

---

Front-End Software Engineer with 5+ years of experience building fast and maintainable web apps using HTML, CSS, JavaScript, and React. Also worked with PHP, Django, and Docker. Focused on clean code, performance, and effective teamwork.

**Tech Stack/ Keywords:** HTML, CSS, JavaScript, React, Redux, PHP, Django, Git, Docker, REST APIs, MySQL.

## Experience

---

### Spectrio – Software Engineer (*June 2020 – January 2025*)

- **Retail Radio Project**
  - Improved the user experience by 80%, as measured by user feedback and reduced issue reports, by refactoring legacy UI components.
  - Reduced user-reported bugs by 40%, as measured by support tickets, by fixing time display logic and ensuring accurate music playback.
  - Increased documentation clarity by 10%, as measured by faster onboarding, by mapping and documenting legacy internal systems.
- **Little Caesars Project**
  - Completed 100% of development tasks on time, as measured by delivery deadlines, by integrating the Daypart feature into legacy systems.
  - Strengthened client-vendor relationship, as measured by positive feedback post-demo, by delivering a stable and fully working features implementation.
  - Maintained high system stability over 4 years, as measured by consistent uptime and bug resolution, by addressing reported issues and integrating new features.
- **Industry Weapon Apps**
  - Resolved over 50+ UI-related bugs in different apps *as measured by internal QA reports and reduced user complaints.*

### Clientify – Software Engineer (*July 2018 – June 2020*)

- Improved data processing performance by ~80%, as measured by faster processing time and reduced server load, by cleaning and restructuring data

pipelines.

- Enhanced usability of key platform features, as measured by internal feedback and smoother navigation, by redesigning UI components like contact profiles and the media loader.

## Education

---

- Software Engineer - Universidad del Valle (2019)

## Languages

---

- English (Advanced) - Spanish (Native)
